Continuation of 5. does NOT place the application in condition for allowance because: the examiner maintains the rejections made of record under 35 U.S. C. 112 first paragraph, 102(b) and 103(a) in the office action dated May 22, 2003. The new matter rejection over claim 30 is maintained because the examiner does not agrees with applicant's explanation that paragraph 5 on page 7 of the response dated November 26, 2003 with a certification of mailing date of July 14, 2003 which states "modification of the temperature and/or pressure" is support for "controlling the temperature and/or pressure of the reaction conditions" for previous newly added claim 30. Thus the new matter rejection is maintained because the examiner view the term "controlling" not to be the same as the phrase "modifications"
